Available in eight sizes with torque ratings from 8.85 to 885 in. lbs., the couplings are available with clamp style hubs with either inch, metric or combination bores. Bore sizes range from 0.1875 inch to 1.375 inch or from 4 mm to 35 mm.

Included in the brochure are complete selection information and reference for ordering a CD ROM with Zero-Max Sizing and Selection software. The CD ROM gives the designer the Servo Class Catalog in PDF format, a comprehensive sizing and selection program, and CAD drawings for the couplings.

Call 763-546-4300 for FREE Servo Class brochure or CD ROM with sizing software included.
